Peace to you Men's of Justice

Us poor working people seem to always suffer when big companies deny us our rights. I'm refering to the proposed Court Rule No. 2003-47.

We are appealing to you to prevent this from happening.

It seems that Michigan and the Michigan Supreme Court are being used as tools of the asbestos industry and big business to deny working people their Constitutional rights to jury trials even harmed by corporate misconduct.

We need the Michigan Supreme Court to help us keep America strong and growing.

Thank you

Yours Truly,
Yahya Wigaar
